The JAM competition brought out the participants' oratory skills and tested their ability to think on their feet. The competition started with 20 people and then as the rounds progressed, they were shortlisted until the final rounds. The topics they spoke about were chosen at random through a chit system and they could avail hints if they were perplexed about the topic. The topics ranged from issues in current affairs, the legal world, sports and general knowledge as well. There were no language barriers as participants spoke in English as well as Hindi. The judges responded well by giving apt feedback after every round, encouraging the students as they progressed in the competitions.

3. LOK SABHA

The Lok Sabha of the Academics Week was the flagship event held on the 10th and 11th of January, 2023, organised by the Academics Committee with collaboration of the Student Bar Forum.

The event started off by the inauguration ceremony that began with the complementary lighting of the lamp, the commencement speeches by the principal Dr. Sajan G. Patil sir and the SBF presidents and ended with the felicitation of the Speaker.

The committee saw approximately a hundred and twenty parliamentarians which were students of our Ideal College of Law from the First Year to the Fifth Year BLS and from the First Year to the Third Year LLB. In addition to that there were press corps members from the senior years as well that bore witness to the debate proceedings and conducted a very controversial press conference at the end of both days. The debate was mediated and overseen by the Executive Board comprising of a moderator and two deputy moderators, and the rest of the Academics Committee and the Student Bar Forum committees helping in administration and the logistics for running the two-day event successfully.

The topic for the Lok Sabha debate was making the application of Section 498A IPC gender neutral. The ruling party was the one introducing this amendment bill and the opposition party was against it.

We began with the Opening Statements from members of the House, from the leaders of both parties and other important ministers. Then the committee moved into the Question Hour that had opposition members asking ruling party ministers regarding the Amendment Bill and the agenda for the discussion itself which was highly productive. Next was the Zero Hour that had questions of national importance that saw a aggressive debate from both sides of the House. This was the flow of events on both days and after the questioning sessions, the floor was opened to the bill discussion itself and saw it close with the press conferences. The last session of Day 2 was set up to move into voting upon the bill, and as follows the bill failed to pass.

The event was declared closed after the valedictory ceremony wherein the top delegates were awarded for their performance. Hearty debate and deliberations were seen, with all participants learning a lot and having fun with this experience.
