1. Meeting of IQAC for Strategic Planning for the Academic year 2022-2023

Internal Quality Assurance Cell (IQAC) has been established as a post-accreditation quality sustenance measure for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education. According to the National Assessment and Accreditation Council (NAAC) every accredited institution of higher education should establish Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. The primary responsibility of IQAC is to ensure quality enhancement and sustenance. It ensures the efficiency and effectiveness of measures taken/methods used to provide high quality education and evaluate the degree to which each task is fulfilled. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realization of the goals of quality enhancement and sustenance.

The IQAC committee held a meeting on 9th December, 2021 to discuss working on improving students' political awareness and legal knowledge for the next academic year.
