Date- 09/09/2023

## INDUSTRY INSTITUTE INTERACTION COMMITTEE (IIIC)

Industry-Institute Interaction Cell is established to strengthen the relationship between industry and institute. IIIC pave the path to design the curriculum, align with industry and career development program to make student industry ready. It acts as a nodal point to showcase the best practices, and advanced technologies in industry. In addition, IIIC provides an excellent platform for students as well as the faculty members to march forward in parallel with industry by knowing their expectations from the graduates.
